

CITY OF  
BAINBRIDGE ISLAND

Environment Technical Advisory Committee

August 9, 2016 Meeting Notes

Present: Frank Gremse, Chair, Jason Flowers, Charlie Kratzer, Karl Shearer. Absent: Michael Bonoff. Also attending were Wayne Roth (Council), and seven community members.

The meeting was called to order at 3:00pm.  
The July 12 meeting minutes were approved.  
Frank agreed to take notes in the absence of Christy Carr.

The meeting was devoted to reviewing the draft RFP for the Suzuki Property Ecological Assessment. No significant changes were made but several edits were noted for clarification. Whether the marked riparian pathway on the north end of the property should be included in the assessment was raised. It was agreed to leave it in the scope of work.

Charlie suggested that the RFP allow bidders to include pricing for optional levels of work, e.g. hydrological assessment. The revised draft will be discussed by the City Council at its August 23<sup>rd</sup> meeting.

Public comments were taken during the committee discussion of the RFP. HRB Executive Director Whitney Rearick spoke about the need to keep the process moving, given the rising cost of building affordable housing.

Frank Gremse, Chair
