City of Bainbridge Island Seeks Community Input on Development Services

Bainbridge Island, Wash., (December, 2016) – The City of Bainbridge Island is seeking input from the community regarding the development services provided by the Planning and Community Development Department.

In an effort to improve the services being provided to the public, the Planning and Community Development Department is seeking input from the community. Input can be provided via a brief five minute anonymous survey or at an in-person open house on Wednesday, December 14. The survey can be found at <https://www.surveymonkey.com/r/COBIpcd>. The deadline for completing the survey is 4:00 p.m. on Tuesday, December 20. The public can also provide input at an Open House on Wednesday, December 14, anytime between 3:00 to 7:30 p.m. in the City Hall Council Chamber. During the Open House the public is invited to stop by and provide feedback and suggestions on how the Planning and Community Development Department can improve its services.

“We at the City of Bainbridge Island are committed to continuously improving how we serve the community,” said Director of Planning and Community Development Gary Christensen. “We hope that you will take the opportunity to take the survey or attend the Open House and let us know how we can better serve you.”

For more information on the services currently provided by the Planning and Community Development Department visit the City [website](#) or email or pcd@bainbridgewa.gov.
